The school of Humanities, Arts and Social Sciences, whose purpose is to provide a superior and outstanding quality of education both in the programs offered by the School, as well as in basic skills training courses and in Socio-humanistic training, strives to develop critical-analytical, expression and communication skills, in addition to social and civic commitment. The School of Humanities, Arts and Social Sciences is composed of four academic programs of professional development: Psychology, Architecture, Social Communication and Journalism, and Design. Likewise, the School structures and three principal academic areas: Language, Socio-Humanistic Training and Philosophy, to contribute in the integral development of the students of the Universidad de Ibagué.

### **Psychology**

The program of Psychology of the Universidad de Ibagué was first developed during the first semester of 1995, acquired High Quality Accreditation in 2012 and renewal in 2017. The program has 580 students and a teaching staff composed of 13 full time professors and 13 adjunct lecturers, all of whom have postgraduate studies in interdisciplinary and/or professional fields of psychology, and who make part of the two research groups of the University and recognized by Colciencias: Grupo de Investigación Educación Salud y Sociedad GESS and Grupo de Investigación Estudios en Educación GESE. The program has a laboratory and a test

bed in psychology, the largest of the department, and it also has a Psychological Care Center which has been working as an IPS (health service provider institute) since 2007.
